himanshu15733@gmail.com

## PROFILE

Experienced Laravel Developer with 6+ years of expertise in building and customizing dynamic websites, eCommerce solutions, and web applications. Skilled in WordPress, WooCommerce, PHP, MySQL, and modern page builders including Elementor and Gutenberg. Proven ability to deliver responsive, SEO-friendly, and high-performance websites tailored to client needs. Strong track record of optimizing website speed, ensuring security, and integrating third-party APIs for business growth.

## EMPLOYMENT HISTORY

❖ **MIS WORK INDIA PVT LTD** ..... Jun 2024  
DELHI

Experienced Laravel Developer at Pansari Group, with expertise in developing and customizing themes, plugins, and dynamic websites. Skilled in optimizing performance, ensuring responsive design, and integrating third-party tools for enhanced functionality. Adept at delivering user-friendly, SEO-optimized solutions aligned with business needs.

❖ **LOGICSOFTS PVT LTD** ..... Sep 2020 — May 2024  
DELHI

Experienced Laravel Developer specializing in WooCommerce, payment gateway integration, custom plugin development, and advanced theme customization. Adept at cross-browser compatibility, speed optimization (Core Web Vitals), SEO best practices, and leading end-to-end WordPress projects.

❖ **NEXTGEN ESOLUTIONS PVT LTD** ..... Dec 2018 — Jul 2020  
DELHI

Worked on implementation of HospiLogix across healthcare facilities, enabling end-to-end hospital automation—from patient admission and billing to pharmacy and MIS dashboards—helping achieve paperless operations, real-time data access, and lower total cost of ownership

## EDUCATION

❖ **Uttarakhand Board of Technical Education, Roorkee** ..... May 2014 — Jul 2017  
*POLYTECHNIC*

❖ **Uttaranchal University Dehradun** ..... Jan 2024  
*MCA* DELHI

## PROJECT

### ❖ **PRINTYO** .....

Built and optimized the WordPress site for PrintYo, providing robust support for over 300 print-on-demand products—from mugs and stickers to brochures and signage—with flexible order handling and fast dispatch across Australia. Implemented backend efficiencies to streamline custom design uploads, free artwork checks, and quick customer quote generation.

### ❖ **AUTOSAFE** .....

Developed and customized the Autosafe WordPress site, enabling users across Australia & New Zealand to navigate a vast product portfolio—including cargo barriers, shelving, flooring, and safety accessories—with fast turnaround thanks to lean manufacturing integration. Delivered a responsive, secure, and user-centric site tailored for fleet and van fit-out solutions.

### ❖ **CLA Fabrications** .....

Developed and enhanced the full WordPress site for CLA Fabrications, integrating responsive eCommerce features to support online fencing, railing, and gate catalogues with seamless user experience. Delivered custom designs and robust security plugins tailored for high-performance browsing and UK-wide delivery.

### ❖ **247 AIRPORTS** .....

Built a responsive WordPress site for 247Airports, featuring a dynamic fare calculator, real-time flight delay integration, and robust live-chat support to enable seamless airport transfers across London's major airports. Delivered a high-performance, user-focused platform ensuring reliability, speed, and enhanced booking convenience.

### ❖ **ROYAL ALLOY** .....

Developed the WordPress site for Royal Alloy Australia, featuring sleek product showcases, downloadable brochures and manuals, and integrated dealer locators for seamless user access. Delivered a responsive, visually rich experience that supports product discovery and customer engagement across multiple Australian regions
